that was equally far from the correct standard? One would rather take such a friend to a fine (laughter). A decent singer of songs would not only be more intelligible but also more national. Consequently this the President (laughter). The time is past when the same man was the King's barber in the morning and his Prime Minister at night, but he would say that not even in those days was there a more extraordinary conjunction of ingenious elements than seen in the man who in the Philadelphia Convention, the most illustrious of the world, for the only time had been elevated to it by fortune. It was a good illustration of the working of Constitutional Government here, and doubtless the laudable Paddy, who lately came hither with the Prince, treated him as for his amusement as often as possible. Had they asked him to imitate Blomfield, to swallow hot coals or yards of hot iron, he would doubtless have done so, for he had not made much of a career except as a had singer of very poorly chosen songs. (Heard.) This Premier said he had no respect for him. If he had, he should be ashamed to compare what he had done to deserve that respect. (Cheers.)

Newmarket Mechanics' Institute.

The annual meeting of the above Association took place in the Temperance Hall on Monday evening last.

The President—Rev. Mr. Thos. Baker in the chair.

Minutes of last general meeting were read and confirmed. The Secretary, Mr. E. D. Rogers, then proceeded to read the Annual Report, from which we learn the Institute numbers 137 members—an increase over the past year of some 40. This increase is attributable to some extent at least, to the fact that the Institute purposes holding an exhibition on the 23rd and 24th of this present month.

In the Library, we learn there are 341 volumes—average circulation, 23 per week. During the season, fifteen lectures were delivered.

From the finance committee's report, we learn the Institute has about \$300 in hand after paying all expenses.

The Report, on motion, was received and adopted.

On motion of Mr. Trent, the Treasurer's accounts were referred to Auditors, consisting of Dr. Hunter and Mr. E. Jackson.

The meeting then proceeded to the election of office bearers for the ensuing year, and resulted as follows:—

A. Boulton, Esq., President.
 Dr. Bentley, 1st Vice Do.
 Dr. Seymour, 2nd Vice Do.
 Mr. E. Irwin, Secy. Treas.

DIRECTORS—Messrs. Holligan, McMaster, Hamilton, Jackson, Padfield and Charles Elphing.

On motion, the President was then requested to leave the Chair and Mr. Thos. Nixon called to the chair.

Dr. Bentley then moved, coupled with a few eloquent remarks, the thanks of the Institute to Rev. Thos. Baker, for the efficient service rendered as President during the past year—Carried.

Mr. Baker, in returning thanks, said he felt he had only done what he could, but not as much as he wished on account of ill-health. He congratulated the Institute on the fact that they were enabled to sustain the association efficiently without Government aid, and trusted it would be carried forward with increased energy and spirit the coming year.

A vote of thanks was also tendered Mr. E. D. Rogers for his able and careful attention as secretary. Also, to the other officers of the Institute, and likewise the Ed. of the Era.

On motion of Mr. Irwin thanks of the Institute were tendered to Adam Wilson, Esq., M. P., for his handsome donation of books to the Library; also to those gentlemen who kindly delivered free lectures during the season.

The meeting then adjourned.

Whitchurch Spring Show and Ploughing Match.

Pursuant to announcement, the above Spring Show and Ploughing Match took place on Wednesday, the 26th ult. Unforeseen circumstances prevented us from being present, but a correspondent informs us the attendance was large and the display of plowmen greater than at the County trial. As a whole the show was successful—the stock being considered altogether superior animals.

The field was not in the best condition; and hence the plowmen were unable to execute the work with that artistic skill they desired; it was very creditably performed, however, and many were the hearty encomiums bestowed upon them. The following is the prize list:—

Ploughing.
 1st Class—Over 21 years—1st prize, Seth Heacock; 2nd C. Spillars; 3rd John Smith.
 2nd Class—Between 16 and 21 years—1st prize, A. Ford; 2nd J. H. Smith; 3rd James Lemon; 3rd Jonathan Hild.
 3rd Class—Under 16 years—1st prize John Jennings; 2nd Robert Poir; 3rd Owen McQuillen.

Stock.
 In the two classes of Imported Horses, no entry was made.

Daughter Horse—Canadian Breed.—1st prize, Jonathan Baker; 2nd A. Sangster; 3rd John Atkinson.

General Purpose—Canadian.—1st prize, Lemuel Connor; 2nd John Lohman; 3rd John Summerville.

Bulls.
 1st prize E. Wheeler, Esq.; 2nd Joshua Wilson.

Whitchurch Society numbers many more members this year than last—we believe nearly double. This is a good sign.

East Gwillimbury Spring Show and Ploughing Match.

According to announcement, the Spring Show and Ploughing Match of East Gwillimbury Agricultural Society was held at Sharon on the 27th ult. The number of horses exhibited was less than expected, only two being shown; but these were excellent specimens. A fine display of bulls was made—much exceeding that on any former occasion. CUTTING AND CRIMPING.
The great advantages derived from this Patent is, that Crimping in the usual way is entirely done away with, as Crimping is obviated, and is not required. There is also a saving of time in four-fifths of one third of the time required to do the work in the usual way. This Patent alone will satisfy the attention of those who belong to the Trade. Our experience in the business warrants us in saying that this improved method is of a greater benefit to the Trade than anything yet introduced. The above Patent Right was granted on April 5th 1859.
